# TOYAMA AIRPORT

To All Guests Traveling by  
Business Jet via Toyama Airport

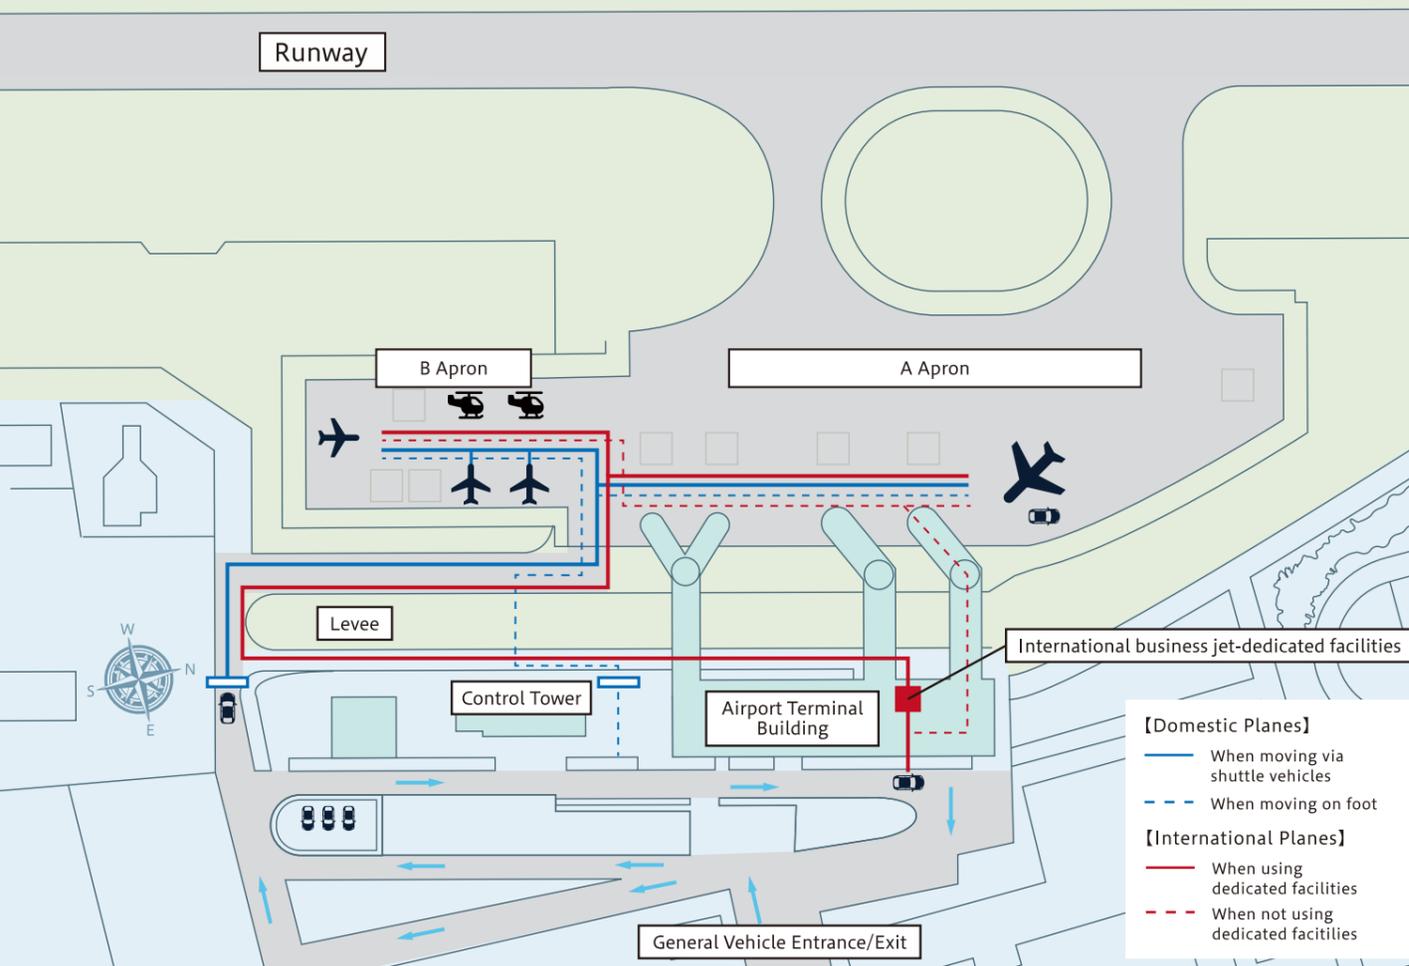

To all those traveling to Toyama Airport by business jet

# Have a speedy, comfortable trip.

Toyama Airport's compact design allows for a smooth and speedy flow of traffic post-arrival. Equipped with dedicated facilities for international business jets and accommodating shuttle vehicle access to the apron, the airport delivers a comfortable transit experience with minimal stress.

## ◆ Basic Information

**Classification** Regional Airport    **Facility Manager** Toyama Prefecture    **Runway** One runway, 2,000m x 45m

## International business jet-dedicated facilities

Constructed in 2023, the business jet-dedicated facilities are located on the first floor of the international terminal, with no stairs to climb due to vehicles being allowed to pull up directly to the entrance. This ensures a comfortable flow of movement, thus enabling a smooth progression straight to immigration procedures.

7 : 00 ~ 21 : 00

**International business jets**

7 : 15 ~ 20 : 00

**Continuous parking time**

Jet parking available for up to one week

## ◆ Business jet parking spot

**A Apron**

1 places

**B Apron**

3 places

※ The B Apron is capable of accommodating fixed-wing jet aircraft up to 26.5m long x 21.5m wide

## Exclusive Destinations

Toyama Prefecture is located almost precisely in the center of Japan's main island of Honshu, on the Sea of Japan coast, and almost equally distant from the nation's three largest cities, which makes it easily accessible. With smooth access to nearby famous tourist spots, such as Takayama and Kanazawa, and with many local tourist spots of its own, Toyama is one of the area's best sightseeing bases.
